LETTER FROM THE RAD

Alisha Nagpal

STUDENT SENATE FOR CALIFORNIA COMMUNITY COLLEGES

Hello Everyone!

I hope everyone has had a fantastic academic year so far!

As this year draws to a close, I want to take a moment and reflect back upon our successes.

We have successfully achieved 100% activation, ensuring that each of the 14 colleges in Region II has a voice and is well represented in the SSCCC. During the General Assembly, delegates elected a new executive board—one I have the utmost confidence in to continue the work we've started, fostering stronger relationships with our colleges and, most importantly, our students.

It has been an incredible honor to work alongside such a dedicated executive team throughout this year. We've conducted several campus visits, connecting with the students we represent and ensuring we are advocating effectively on their behalf. Additionally, we have participated in numerous legislative advocacy efforts, with members of our region testifying for co-sponsored and sponsored bills, achieving the highest turnout at March in March, and engaging in legislative visits with our representatives.

Throughout the course of this year, I, personally, have had the pleasure to serve as your Regional Affairs Director and lead our region to success. I have treasured my time in this role and while I will miss it, I look forward to seeing what great things the next exec team will do!

Sincerely,

Alisha Nagpal

Regional Affairs Director

REGIONAL SPOTLIGHT

Tribal Liaison Jacob Roe

This Month's Spotlight...

Jacob Roe (He/Him/His)

This month we honor our Student Intern for our region, Jacob Roe. He is third-year transfer student at Stanford University, double-majoring in Political Science and Native American Studies. He is an enrolled member of the Georgia Tribe of Eastern Cherokee. He has advocated for students at the campus, regional and state level and has inspired many more. As the intern for Region II, he has been instrumental in supporting our Region, showing strong leadership and dedication with RAD II Nagpal when they ran all regional positions for 4 months prior to the election of our executive board. Upon completing his baccalaureate degrees in Political Science and Native American Studies at Stanford, he intends to pursue a joint JD/PhD program focused on historical California Indian law and advancing contemporary efforts to restore federal recognition to California Tribal Nations. We thank Jacob for all of his work and great success with his future endeavors.
