# Advisor Newsletter

## Announcement

Dear Advisors,

Thank you to everyone who attended this year's General Assembly. With over 800 students and faculty in attendance, it was our largest gathering to date—and it wouldn't have been possible without your continued support and dedication. We truly appreciate all the time and effort you put into making this event a success. Watch for the General Assembly adopted resolutions, which will be available later this month on our website. We look forward to seeing you again at Advocacy Academy, taking place December 3–5 in Riverside.

As a quick update, I will be on maternity leave over the next few months, so you may not receive the usual biweekly updates during this time. However, please keep an eye out for our monthly newsletter updates from Executive Director Julie Adams, who will be keeping you informed.

Thank you again for all that you do, and I look forward to reconnecting with you when I return!

Faculty and Student Leadership Institute is an excellent opportunity for both students and advisors to learn the basics of governance and leadership. This free event offers advisors a valuable space to gain insights from their faculty colleagues while supporting students in developing their own leadership skills. In addition to the educational content, the Institute provides a unique opportunity for faculty and students to engage in meaningful dialogue, share experiences, and build connections across campuses. Through interactive sessions and collaborative learning, participants will leave better equipped to lead, advocate, and contribute to shared governance within their institutions.
